

Liberty Y-Connector Instructions

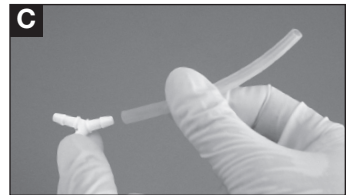

1. Ensure you have all the items necessary for this procedure:
 - a) Liberty Double Lumen Tubing
 - b) Liberty Y-connector
 - c) 2 - Drains
 (Figure A)

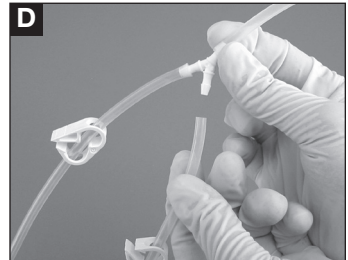

2. Remove one of the drains from the packaging. Using scissors, cut approximately 3 inches of tubing from the end of the tubing (Figure B).

3. Attach the 3 inch piece of drain tubing to the bottom of the Y-connector (Figure C).

4. Attach the remaining two drains to the other ends of the Y-connector (Figure D).

5. Attach the 3 inch drain tubing to the conical connector of the Double Lumen Tubing (Figure E).
